DIGITAL_GRIMOIRE.INIT()

Ly Thanh Loi

Information Technology student bridging infrastructure, analytical thinking, and Generative AI to build reliable software systems.

Leveraging IT infrastructure, analytical thinking, and Generative AI to optimize operational processes and data — creating tangible value while growing skills in coordinating comprehensive software systems.

CHARACTER PROFILE

About Me

SUMMARY

Fourth-year student at HUTECH (Vietnam–Japan Institute). I combine backend development, cross-platform apps, and AI integration with a focus on accurate data flow, standardized processes, and operational performance.

Building a solid foundation in system operations and administration, combining development logic with enterprise-oriented solutions and cloud infrastructure.

ATTRIBUTES

Identity: Ly Thanh Loi
Institute: Information Technology — Vietnam–Japan Institute
Academy: Ho Chi Minh City University of Technology (HUTECH)
Cycle: 2022 – 2026
Status: Fourth-year student
Focus: Backend Developer · Team Lead · UI/UX Optimization

TECHNICAL ABILITIES

Skill Modules

Verified skills from my profile — select a module to inspect nodes.

◈
Programming Languages
C# · Java · JavaScript

⬡
Frameworks & Platforms
.NET MAUI · ASP.NET Core · Spring Boot (J2EE) · WinForms

◇
Databases
SQL Server · MySQL · SQLite · Firebase

✦
Architecture & Patterns
MVVM · Repository Pattern · Dependency Injection · RESTful API

◎
Testing & Quality
NUnit · Gauge Framework

⎔
Tools, AI & Platforms
Git / GitHub · Adobe XD · GitHub Copilot · Gemini, ChatGPT, Claude · Google Workspace

[C# (.NET 9 / 10)] [Java] [JavaScript (React)]

PROJECT ARCHIVE

Verified Artifacts

Projects sourced from my CV and public GitHub repositories — each links to the original repo.

OPEN RECORD

CrayonNote

Cross-platform note-taking app (.NET MAUI) with AI-powered speech-to-text.

.NET MAUI · C# · SQLite (ORM) · OpenAI Whisper API

GitHub Live Demo

文 OPEN RECORD

MiniHongo

Mobile app for Japanese vocabulary and Kanji learning across platforms.

.NET MAUI · C# · SQLite · RESTful API

GitHub

☽ OPEN RECORD

Bé Tabby Tarot (Pet Tarot)

Bilingual (VI/EN) pet-themed tarot web app — 22 Major Arcana with shuffle and journal.

TypeScript · React · Next.js

GitHub

OPEN RECORD

AWS Internship Report Site

Bilingual Hugo site documenting AWS Vietnam FCJ Cloud Engineer internship.

Hugo · GitHub Actions · GitHub Pages

GitHub Live Demo

PROJECT ARCHIVE

Verified Artifacts

Projects sourced from my CV and public GitHub repositories — each links to the original repo.

☑ OPEN RECORD

Task Management System

Online task management and team collaboration with permissions and progress tracking.

Java Spring Boot · MySQL · Spring Security · RESTful API

GitHub

♫ OPEN RECORD

Music Player (Desktop)

Windows multimedia player with modern UI, playlists, and multiple formats.

C# · WinForms · .NET · NUnit

GitHub

OVERVIEW
Cross-platform note-taking app (.NET MAUI) with AI-powered speech-to-text.

PROBLEM & PURPOSE
Optimize digitization of audio recordings and multimedia data management on mobile devices.

CONTRIBUTION
End-to-end development

FEATURES
• Cross-platform .NET MAUI client
• Local data with SQLite ORM
• Speech-to-text via OpenAI Whisper API
• Azure OpenAI integration
• MVVM architecture

TECHNOLOGY STACK
[.NET MAUI] [C#] [SQLite (ORM)] [OpenAI Whisper API] [Azure OpenAI] [MVVM]
